Oaklands Primary School
Ysgol Gynradd Maes-y-Deri

23rd September 2019

Dear Parents/Guardians,

Our school is developing One Page Profiles for every child to ensure that all children are fully supported in our school and have their needs met. We would like to have your views and advice for your child's One Page Profile, along with input from the children and staff.

Your child's homework this week is to complete the attached form with the help of yourselves and anyone else who is important to your child.

Please find some general information on the back of this letter about One Page Profiles, which will help you complete the form. Forms need to be returned to school by Monday 30th September please.

Once you have returned your information to school, your child's teacher will complete the One Page Profile and it will be shared with you at parents evening next month.

Many thanks for your continued support,

Mrs Wright

What is the purpose of a One Page Profile?

- They are a way for you and most importantly your child to have a voice in how they are best supported in school.
- They help us to appreciate and acknowledge your child's strengths, which raises self-esteem and confidence.
- You as parents and family members know your child best and so you can share your knowledge and expertise on how best we can work together to support your child.
- One Page Profiles can help us as teacher personalise learning opportunities for your child.
- They can be used to inform planning and target setting, ensuring teaching and learning is more meaningful for the children we teach.
- They are a way to share information between staff and other professionals and help to build positive relationships for the children.

If you have any further queries please do not hesitate to contact your child's class teacher.

Many thanks.
