The magic coin.

Ruby Penn, Year 5, Oaklands Primary School, Aberaman

Another Saturday morning, on my daily walk with my dog. I could see the colourful, beautiful leaves blowing in the sky. I could smell the damp of the leaves and could hear the birds singing and chirping. The sun was hot, dazzling but felt cold so I wore a warm jumper and jeans some boots socks a coat and a hat and scarf.

I had let my dog of the lead but then she lost her ball so I was looking in the bushes then I saw a coin it was dirty, rusty and looked old it also had Queen Victoria's face on it I knew this because I had been learning about it in school It was a 50p coin. Then it started to glow then strait a way my eyes started to blur I got a head ac my dog disappeared I felt faint I was scared for my life then I fainted!

Then I woke up the hay field was there and the Terraced houses were there but smoke was coming out of all of them then I saw the line had turned in to a Train track then people started to shout at me 'get off the track' 'move' so just in time I got out of the way of the track. I saw people in old clothes and heard bells and smelled smock it made me cough. Then I saw a girl her name was Gwen I knew this because people were saying 'hey Gwen' 'you ok Gwen'.

Then Gwen went down the pit so I followed her down it was dark, scary people were tired and dirty then I heard Gwen say to an another miner 'I have been saving up for a Cambrian lamp and I am only 1p short' Then after more work I followed her home she had a tin bath meat and potatoes for dinner then she went to bed. Then I put the magic coin on the door step then I made a ban so she came out then and saw the coin Gwen ran to the to the lamp shop and bought a Cambrian lamp Gwen + Cambrian lamp = happy

Then I saw a portal so I Jumped in to it. Then I was back in my normal time I was back on the line with my dog know Train Track Know smoke normal people so I went back home. My mam had asked me to go to the Attic then I saw the lamp that Gwen bought so Gwen had lived in my house years ago. Where will my next Adventure be my be in Tudors time or back to Victoria's time or in to the Future!
