Oaklands Primary School
Live Lessons Learner Agreement

For our approach to 'Blended Learning' we will be offering daily live lessons for our pupils via Microsoft Teams. Pupils can access this through their Hwb accounts.

All live content will be recorded and uploaded to the class Teams pages as soon as possible following the live lesson. However, it is important that all pupils make every effort to log in and participate in the live sessions each day to engage with the class teacher and other pupils, as well as have the opportunity to ask questions about the learning as would happen in the classroom.

It is important that all pupils understand their responsibilities during live lessons as made clear below. Pupils will be reminded of their responsibilities at the beginning of each session.

During live lessons, learners agree to:

- be punctual to avoid interrupting a lesson which has already started
- show respect for everyone in the online classroom
- dress appropriately for all lessons/sessions, thinking about respect for others
- ensure the location they log in from is appropriate and change their 'background' setting if needed (support will be provided for this).
- seek to contribute to the lesson/session in a positive manner and not be disruptive at any time. Any pupils found to be disruptive may be removed from the session.
- not share images of the session or lesson

On occasions, pupils may be asked to access relevant files for each lesson/session in advance and have the materials to hand. This is only applicable for our older pupils who will be supported with this prior to the session. It is also important that pupils make sure they have all power adaptors and laptops ready before the lesson/session begins and are logged into the lesson/session.
